

# AEROSPACE TechWeek.com

24/25 Mar 2021 | Toulouse, France

The premier exhibition  
and conference for the  
aerospace technology industry

## CALL FOR PAPERS

Apply to speak at the world's premier event  
for the aerospace technology industry

Abstract Submittal Deadline – 19 June 2020  
[www.aerospacetechweek.com/call-for-papers](http://www.aerospacetechweek.com/call-for-papers)

...building better  
aerospace connections

The premier annual gathering of aerospace technology professionals to discuss and develop systems and solutions for international airlines, avionics, aerospace testing, flight ops and MRO communities in the commercial and defence aerospace sector.

6  EVENTS UNDER 1 ROOF

# AEROSPACE TechWeek.com

24/25 Mar 2021 | Toulouse, France

6  EVENTS UNDER 1 ROOF

## AEROSPACE TECHNOLOGY WEEK

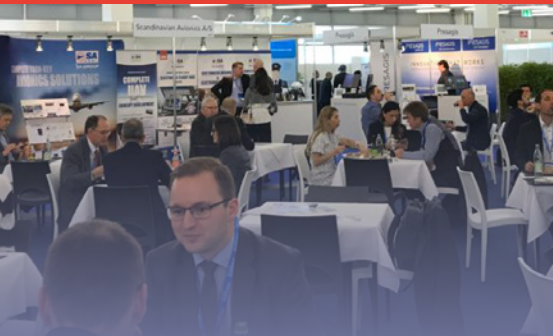

brings you the latest developments in avionics and cockpit technologies in order to meet the SESAR and NextGen challenges facing the increasingly crowded skies, as well as air-to-ground and nose-to-tail connectivity, airline e-Enablement strategies and processes, flight operations software, fuel efficiency, MRO software, regulatory, policy, technical and testing systems (both hardware and software) that affect the design, construction and maintenance across commercial and military aircraft.

Bringing together the main aerospace technology sectors, we bring you a series of 6 closely related segments - Avionics, Connected Aircraft, Aerospace Testing, Flight Ops, MRO IT and FACE- offer greater insight and connectivity between these exciting, fast moving aerospace industry sectors.

- Over 1250 delegates and attendees
- Over 100 airlines
- High Level Conferences
- Technical & Technology Workshops
- Certified Training
- Leading showcase exhibition

Join us in Toulouse, France, the heart of Europe's aerospace manufacturing capability, on 25th-26th March 2021 for the largest gathering of aerospace technology, airlines, avionics, aerospace testing, flight ops and MRO communities - **get informed, get updated and get better connected!**

# CALL FOR PAPERS

Abstract Submittal Deadline **19 June 2020** ..... [www.aerospacetechweek.com/call-for-papers](http://www.aerospacetechweek.com/call-for-papers)

The 2021 Aerospace Technology Week Organizing Committee are inviting abstracts for consideration for inclusion in the conference.

If you are interested, you are invited to submit your abstract for consideration by the conference committee by submitting an abstract. Your presentation should not be overtly commercial in nature.

## Topics of discussion

The conference programme will deliver high quality content and discussions on the future for the industry, from policy and regulations to innovations and technology development. We will be covering a whole range of topics for fixed wing and rotary aircraft, including but not limited to:

## Avionics

- » Regulatory issues and information impacting the avionics industry
- » Certification requirements, tools and advice on achieving certifications
- » Standards impacting the avionics market, such as FACE, small form factors, etc
- » Safety and quality management systems (SMS/QMS)
- » Cockpit display systems including Flight Critical Displays, Mission Display Units, Digital Map
- » Global positioning system (GPS), Bluetooth, and Wi-Fi avionics innovations, caveats
- » Aircraft Communications Addressing and Reporting System (ACARS) datalink vs. voice prompts, communications, and confirmations
- » Aircraft Communications Security Issues and technologies
- » SESAR and NextGen challenges, issues, solutions
- » Avionics upgrade modernisation and retrofit
- » Equipage and regulatory/certification issues for SESAR/NextGen in the cockpit
- » Successes/Case studies on integrating new avionics into older aircraft
- » ADS-B In technology, ADS-B Out, ATSAW, SWIM, FACE
- » Managing obsolescence in modern avionics systems
- » Satellite and Space Avionics
- » Unmanned & Optionally Manned Aerial Vehicle Avionics
- » Impact of SESAR/NextGen airspace changes on military aviation
- » Rugged, high-reliability components and systems for avionics
- » Health and Usage Monitoring Systems (HUMS)
- » Commercial (COTS) technology for satellite and spacecraft avionics

## Connected Aircraft

- » Air-to-ground communications and Satcom
- » Flightdeck connectivity and IFC
- » Cabin connectivity for the passengers (IFEC)
- » Connected EFBs
- » Internet of things (IoT) for aviation
- » Artificial intelligence (AI)
- » Intelligent and integrated sensors
- » Flight tracking
- » Cybersecurity
- » Application disrupters
- » Aircraft IT
- » Blockchain-
- » The paperless aircraft
- » Voice activated and wearable technologies
- » Mobile maintenance Apps

## Aerospace Testing

- » Flight testing
- » Environmental testing
- » Climatic testing
- » Vibration testing
- » Structural testing
- » Avionics testing
- » Instrumentation testing
- » Test systems
- » Fatigue testing
- » Test automation
- » MIMO testing
- » Wind tunnel testing
- » Measurement solutions
- » Pressure measurement
- » Lightning testing
- » Gap measurement
- » Air data testing
- » Non destructive testing
- » Dynamics measurement
- » Material testing
- » Engine testing

## Flight Ops IT

- » Flight Planning and Operations Management
- » Aircraft Scheduling
- » Operations Control
- » Performance Engineering
- » Special Performance Calculations
- » Operation Solutions / Data Analytics
- » Crew Management
- » Ground Operations Management
- » Fuel burn and CO<sub>2</sub> management
- » ACARS data management
- » EFB applications
- » App and Dashboard Development
- » Tablet Solutions & Mobility
- » Fuel Efficiency Solutions
- » Electronic Tech Log
- » Cabin Log
- » System Integration
- » System Design and Architecture
- » Connectivity Systems
- » Engine Failure Procedures

## MRO IT

- » Airworthiness and Fleet Management
- » Aircraft Reliability Management solution
- » Aircraft Asset Management
- » Aircraft Annual Inspection Management
- » Aircraft Project Management
- » Aircraft Technical Services
- » Predictive Maintenance solution
- » Flight and Crew management
- » Flight Operations / Fleet Following
- » Flight Planning & Dispatch
- » Material Management and Reporting
- » Fleet Management
- » Production Planning
- » Labour Collection, Billing
- » Maintenance, Engineering & Logistics Management
- » Digital Document Content Management
- » Business Intelligence Reporting
- » Capacity/Workload Planning
- » Maintenance Schedule Optimization and Event Performance Tracking
- » Heavy/Base Production Schedules
- » Production Planning and Management
- » Inventory and Procurement
- » Inspection Document Management
- » Reliability and Performance Analysis
- » Financial and Flight Operations Integration
- » Vehicle and Equipment Health Management
- » Electronic Tech Log and Cabin Log
- » Fuel Efficiency Management
- » Emissions Monitoring
- » Safety, Quality and Risk Management
- » MRO Business and Parts Management

# EXHIBITING COSTS AT A GLANCE

## Shell Scheme Furnished Booth **€711 per m<sup>2</sup>**

### INCLUDES:

Walls	Name Board
Lighting	Literature Rack
Power	Table & Chairs
Carpet	

## Space Only Exhibition Booth **€636 per m<sup>2</sup>**

THESE WILL BE ADDED AUTOMATICALLY TO ALL EXHIBITING PACKAGES:

Show Guide Listings and Website Listings **€425**

Mobile Phone App Scanner for scanning leads and arranging on-site meetings **€895**

CO-LOCATED EXHIBITOR LISTING FEE **€795**

## Other Available Sponsorship Options

Delegate Conference Folder Sponsor **€4850**

Delegate & Visitor Bags Sponsor **€4850**

Registration Bags Insert **€1500**

Registration Desk Sponsor **€6000**

Restaurant / Lunch Sponsor (Day 1) **€4350**

Restaurant / Lunch Sponsor (Day 2) **€3900**

Coffee Breaks Sponsor (Day 1) **€3350**

Coffee Breaks Sponsor (Day 2) **€2900**

Wi-Fi Sponsor **€2850**

App Sponsor **€5000**

VIP Lounge Sponsors **€6000**

Carpet Decals Sponsor **€5000**

Mobile Phone Power Banks Sponsor (for Airlines) **€6,000**

Notebooks Sponsor **€4,850**

Other opportunities on application

	Shell Scheme Furnished Booth	Space Only
m <sup>2</sup>	€ 711 per m <sup>2</sup>	€ 636 per m <sup>2</sup>
9	€ 6,399.00	€ 5,724.00
12	€ 8,532.00	€ 7,632.00
15	€ 10,665.00	€ 9,540.00
18	€ 12,798.00	€ 11,448.00
25	€ 17,775.00	€ 15,900.00
36	€ 25,596.00	€ 22,896.00

24/25 Mar 2021 | Toulouse, France

## CALL FOR PAPERS

Abstract Submittal Deadline – **19 June 2020**  
[www.aerospacetechweek.com/call-for-papers](http://www.aerospacetechweek.com/call-for-papers)

Initial abstracts should be of **250 to 400 words** and also contain the following information

- Abstract Title
- What general and/or specific conference topic it should come under.
- Why you think this would be relevant to the conference
- Presentations must be of interest and of practical value to executives, managers, engineers engaged in the avionics industry.
- Papers will be selected based on a review of abstracts by the Advisory Board.
- Papers must not be commercial in nature. They should be relative, informant or educational but solutions & examples from your own products, technologies or services can of course be used as examples.

Full details are available at [www.aerospacetechweek.com/call-for-papers](http://www.aerospacetechweek.com/call-for-papers), where we are encouraging contributions from the industry to add to the discussions at the conference.

## CONTACTS:

### Neil Walker

Conference / Marketing Director  
T: +44 (0) 7725 318601  
E: [neilw@aerospace-media.com](mailto:neilw@aerospace-media.com)

### Amanda Kevan

   
Sales Director – Avionics / FACE  
T: +44 (0) 203 892 305  
E: [akevan@avionics-expo.com](mailto:akevan@avionics-expo.com)

### Simon Barker

     
Sales Director – Connected Aircraft, Flight Ops IT, MRO IT and Aerospace Testing  
T: +44 (0) 203 892 3053  
E: [sbarker@aerospace-media.com](mailto:sbarker@aerospace-media.com)

### Adrian Broadbent

CEO / Owner  
T: +44 (0) 20 3892 3051  
E: [abroadbent@aerospace-media.com](mailto:abroadbent@aerospace-media.com)
